BENEFIT DETAILS

ISCT Cell Therapy Focus Groups

Objective:

Access to information through connection with key opinion leaders (KOLs) in global regulatory and translational medicine space has great value. ISCT Cell Therapy Focus Groups will allow Industry Community members to tailor focused discussion groups, and gain front row insight to drive key development decisions.

- ❖ De-risk entry into emerging therapeutic markets.
- ❖ Assess appropriate cell types for treatment of disease.
- ❖ Dialogue on clinical safety and benefit endpoints.
- ❖ Strategize trial design in a global regulatory environment.
- ❖ Preview high impact emerging development platforms.
- ❖ Influence standardization of cell characterization and pre-clinical models.

Format:

2 formats – webinar based & in person half day meetings.

- ❖ Consisting of a core panel of 4 KOLs, all internationally renowned experts in their field with moderator driven discussion between the panel and the participating audience.
- ❖ Participant numbers will be capped to facilitate dialogue.
- ❖ A report will be developed for each event.

ISCT Industry Community members will have the opportunity to

- ❖ Drive the agenda.
 - Nominate your top 3 issues/topics for discussion.
Head office will provide the current shortlist of topics for community member review and additions. Final selection determined by the Commercialization Committee.
- ❖ Get your questions answered.
 - ISCT will poll for advance questions with priority given according to community membership status.
- ❖ Get early access to the Cell Therapy Focus group findings.

Calendar of ISCT Focus Group Activity:

ISCT will host a minimum of 2 two-hour webinars and 1 half-day in person focus group meeting August 2010-July 2011.
