

ISCT Quality Systems Workshop – Quality Plans

Memorial Sloan Kettering Cancer Center, New York, New York

September 21, 2010

Workshop Summary

This is a hands-on workshop designed to present concepts and information about what could be included in a Quality Plan. The day is structured as a series of facilitated work sessions that will get the attendees started on creating a Quality Plan in their own organization. Each attendee is expected to leave with a better understanding of Quality Plans as well as tools to help them finish their plans.

Lunch will be provided on premises.
